

## *What's on my iPad when I go into the field...*

**Consider also:** keyboard, low-key looking case, stylus, HDMI adaptor for presentations

**If you can afford it:** go for sim option (data sims often cheaper than Wi-Fi!), as much storage as possible

**Great list of more apps:** compiled by Bruna Lab <http://brunalab.org/apps/>

App	Cost			Useful For:
 <b>Evernote</b>	Free	✓	✓	<ul style="list-style-type: none"> <li>• Taking georeferenced notes</li> <li>• Adding photos and audio to notes</li> <li>• Sketches</li> <li>• Syncs to cloud</li> </ul>
